WONDERFUL GIRL
RUSSIA, WRONG AND RIGHT.
MUSSOLINI'S WARNING.

By Arthur Brisbane
(Copyright 1930 By King Features Syndicate, Inc.)

IN A TINY MOTH PLANE, with one small engine, Amy Johnson, 23 years old British girl, has flown from England to Australia. Fighting storms, forced to land in Java, starting on again without help, the young girl flew the 10,400 miles from England to Australia in less than 20 days.

YESTERDAY MISS JOHNSON, with three planes escorting her, was to fly over the wilderness between Port Darwin and Brisbane, later flying on to address the Parliament at Canberra. She will come to this country to meet her father and mother. And this country will be "pleased to meet her."

England reports that "king and commoner are thrilled." No wonder. Flying offers wonderful opportunities to young women. It requires courage, good nerves, intelligence, in all of which they excel.

Russia's Communists may be wrong in their social and economic theories, but they are right in their attitude toward their own country's defense. The soviet air league has 5,000-6,000 members Russia knows that future war will be air war.

A YOUNG Communist organization is training 2,000,000 young Russians in drilling and the use of arms. Some of our "how much I love you, let us all be peaceful" Americans could learn something in Russia.

With India in rebellion, China flaming with war, hatred of Italy thinly disguised by France, Italian hatred of France outspoken, Jugoslavia expecting to be turned against France by France, Kemal Pasha expressing his readiness to whip anybody, no wonder Russia thinks war was possible and probable and means to be ready. Two countries in Europe would be safest in another war, Switzerland, small nation, Russia, biggest nation. They would be safe, because they are ready.

Talking to a crowd of 100-000 in the Plaza Del Eucamo at Milan, Mussolini heard savage cries of "down with France." He told his audience he "knew what other nations were doing, how they felt toward Italy, and did not intend that Italy "should be suddenly awakened with a start by some tragic turn of the wheel of history."

FRANCE and other European countries will keep out of war, if they can. But war comes like a flash of lightning. It could come tomorrow, with its hatreds, blazings patriotism, clergy calling for recruits, promising God's support, profiteers calling for bond issues, etc.

THIS COUNTRY should be warned by Mussolini, who speaks out, warned by Britain and Japan, that makes fools of our delegates sent abroad, warned, above all, against the danger of world court and league of nations entanglements.

WE DO NOT want a million other American Gold Star mothers engaging their passage to visit European graveyards.

METHODISTS TO ATTEND MEETING
Salem Congregation Plans To Be Represented At District Gathering Tuesday

The Salem Methodist church will be represented at the Steubenville District Men's meeting, which will be held Tuesday at the First Methodist church in Steubenville.

This meeting is under the auspices of the National Methodist Men's Brotherhood and will be addressed by Bishops Welch and Fisher, leading Methodist laymen.

Signor Capelli, noted Italian tenor, converted under the Methodist work in Italy, will sing at the evening session.

Lisbon Council To Authorize Paving

LISBON, May 26.—Resurfacing of a number of paved streets will be authorized by the village council at its next meeting, it has been indicated.

The first of these several projects will be the resurfacing of Washington street from Jackson street on the east to Green street on the west, a distance of about one mile. It has also been proposed to resurface a section of Chestnut street, and also East, West and North Park avenues which surround the public square.

TEAMS TO MEET FOR ORDERS AT MEMORIAL HALL

Opening Dinner Planned To Inaugurate 1930 Chest Fund Drive

F. TROY COPE HEADS EVENT AS CHAIRMAN

School Students Aid In Drive; Ten Teams Seek To Obtain \$22,400

Executives and team workers enrolled for the annual Community Chest campaign Tuesday and Wednesday will meet at 6:30 tonight at the Memorial building for final instructions.

Heading the campaign this year is F. Troy Cope, general manager of the Electric Furnace Co. C. C. Gibson, president of the Mullins Manufacturing Corp., is chairman of the executive committee.

These men and others will outline the plans for the drive at tonight's dinner meeting, at which more than 100 are expected. Equipped with pledge cards and confined to allotted territories, the team workers will spend a busy day Tuesday, meeting at the Memorial building that night for dinner and to submit reports.

Ten Teams Selected
Wednesday will be "clean-up" day, when the territory will be thrown open for general solicitation in order not to miss any person in the city and adjacent territory. Efforts will be made to complete the campaign Wednesday night.

Included in the workers this year are an executive committee of about 40 members and ten teams, headed by the following: Team No. 1, Clyde Bryan; No. 2, H. H. Sharp; No. 3, R. M. Archison; No. 4, W. B. Clark; No. 5, R. S. McCulloch; No. 6, Miss Blanche Kyle; No. 7, Mrs. Pauline Tweedale; No. 8, Miss Bertie Paumier; No. 9, Frank Bolen; school team; No. 10, A. Alan.

The school team, composed of teachers, started its work last week (Continued on Page 3)

FIGHT LOOMS IN SENATE ON PACT

Legislation To Authorize Fleet Allowed In Pact Basis Of Debate

WASHINGTON, May 26.—With ratification of the London naval treaty at an early date virtually assured, a fight is looming in the senate on the question of whether legislation to authorize the construction of the fleet permitted by the pact is to be taken up this summer or deferred to the next session.

Party leaders believe that it will go over and opponents of the big building program involved are ready to make a determined fight. In this they plan to turn to their own use the testimony of numerous ranking officers of the navy who have appeared before the foreign relations and naval committees in opposition to ratification.

A conference of senate Republican leaders was called today to decide whether the treaty will be taken up before adjournment at a special session which President Hoover plans to call immediately if the pact has not been carried to a vote when congress adjourns.

Meanwhile, the foreign relations and naval committees summoned additional ranking naval officers at the request of Senator Johnson, Republican of California, a severe critic of the treaty, to ascertain their views on the pact.

Two Face Liquor Charge In Lisbon

LISBON, May 26.—Two men are being held here on charges of unlawful possession of intoxicating liquors as a result of arrests made by Sheriff W. J. Barlow over the week end.

TARIFF BILL REACHES LAST STAGE IN TRIP; FACES SENATE GROUP

Opponents Prepared For Final Attack Against Smoot-Hawley Issue

WASHINGTON, May 26.—The Smoot-Hawley tariff bill, after nearly a year and a half of intensive consideration, today reached the last stage of its stormy journey through congress.

An apparently serious disagreement on the flexible provisions between President Hoover and the conferees of the house and senate proved only a misunderstanding and the last obstacle in the way of immediate introduction of the conference report was removed.

The senate will begin debate tomorrow, leading up to a final vote approving or rejecting the measure. The opponents of the bill, consisting largely of the old coalition of Democratic and Independent western Republicans, meanwhile mustered their strength for a last, determined stand against its enactment. They chose two principal points of attack.

Charge Unconstitutionality
The first of these was a contention that the plan for emergency customs rate changes worked out by the conference committee is unconstitutional. This authorizes the

MOTHERS ILL IN PARIS HOSPITAL

Mrs. Samuel H. Reynolds Of Damascus Victim Of Sudden Attack

PARIS, May 26.—Exhausted by the strain and emotion of her trip, Mrs. Samuel H. Reynolds, 78-year-old Gold Star mother from Damascus, Ohio, was in the American hospital for rest and care today.

Mrs. Reynolds was a member of the second contingent of American mothers to visit their sons' graves on the battlefields of France.

Her condition is reported critical by officials.

Mrs. Florence Williams of Portsmouth is also "gravely ill," and was taken to the hospital. Officials fear neither mother will recover.

Mrs. Reynolds, who was taken to the American hospital yesterday, suffering from what at first was believed to be indigestion, was found to have acute peritonitis.

Her daughter, Mrs. W. I. Barber of Damascus, has been notified and will be kept informed of her mother's condition.

Mrs. Williams is at the hotel Nouvel, Verdun, suffering from bronchial pneumonia contracted during one of her visits to her son's grave.

She is attended by Major Richard Eanes of the United States army medical corps and a special nurse.

Two other mothers were on the sick list this morning but by afternoon they were reported to have recovered and able to rejoin their groups.

They were Mrs. Henry P. Golden of Coral Gables, Fla., and Mrs. Minnie Thompson, of Carrollton, Ohio, who had acute tonsillitis.

Salem Women Head Of District League

Miss Mirtie Ross, of Salem, was re-elected president of the Canton-Yeungstown federation of Luther League at a meeting held Sunday afternoon and evening at Sebring.

Her assistant officers are: Vice president, Norman Bergman, Canton; recording secretary, Ruth Key, Sebring; corresponding secretary, Howard Schaffer, Greenford; treasurer, Irvin Veneman, of Warren.

The next federation meeting will be held on Aug. 3, probably at New Springfield.

Children's Day To Be Observed Here

The First Baptist Sunday school will observe Children's Day on Sunday, June 15, with a special program at the evening service.

The children's choir will have part in this service and the members of this choir will meet at 4 p. m. Tuesday at the church for a rehearsal.

Matthews To Speak
W. H. Matthews, of Salem, will give a talk at a meeting of the Butler and Perry townships Farm bureau at 8 p. m. Wednesday at the Methodist church in Winona. There will be a program of music, debates and talks. Refreshments will be served.

PASTOR PLEADS FOR REVERENCE; SUPPORTS PEACE

Civil War Veterans Here Honored Guests At Church Service

REV. SIDNEY MAYER SPEAKER AT EVENT

Patriotic Organizations Of City Present For Memorial Affair

Warning against the foes within our own borders, and emphasizing the need of guarding the spiritual and moral life of the country, Rev. S. A. Mayer, pastor of the Methodist church, gave a forceful talk on "The Challenge of Memorial Day" at the Sunday morning services at his church. The congregation had as its guests representatives of all patriotic organizations of Salem.

It is the custom of these organizations to attend church in a body the Sunday preceding Memorial Day.

Rev. Mayer used as the nucleus for his message a verse from Proverbs "Righteousness exalteth a nation, but sin is a reproach to any people."

"Memorial day is a time when we call to remembrance what these men have done for us, their suffering and sacrifice. We have a debt to these men. How are we going to fulfill it? We must take the heritage which is ours and so use it that we may hand it on to our children unimpaired and unmarred."

The speaker is of the opinion that "we should live for this country and flag as others have died for it."

Appeals For Reverence
"Our nation must awake to a new sense of reverence," Rev. Mayer said. "I am old fashioned enough to believe that the 18th amendment ought to stay where it is."

Laxity of Sabbath observance is another peril in the nation's life, the pastor explained. He stated that war has been outlawed, and in closing his sermon, made a plea for peace, and stated that the "best way to win out is by the day of the cross."

Trescott post No. 10, G. A. R., has nine members and five of them were at this service. They were: Levi Stamp, 95, oldest Civil war veteran in Salem, and Smith Reed, 82, youngest member of the post and its commander, Charles Bonnell, William Horne and Henry Older.

GAS SETTLEMENT SENT TO COUNTY

County Auditor Receives Spring Tax Receipts From State; Various Funds Benefit

LISBON, May 26.—County Auditor E. E. Walker has received a state warrant for \$16,500 from Columbus as the late spring settlement due Columbiana county from the state gasoline excise tax.

Of this amount \$12,000 has been placed to the credit of the county road and bridge repair fund and \$4,500 has been equally distributed among 18 townships in the county for road construction purposes.

Each township will receive \$250. It has been estimated that the state gas tax will result in about \$1,300 being given each township in the county during the current fiscal year.

Police Chief In Dover Quits Post In Renewal Of Theater Fight Sunday; Seven Arrested

DOVER, O., May 26.—Dover had a new chief of police today and seven arrests had been made in a renewal of the city's two year old fight over Sunday motion pictures.

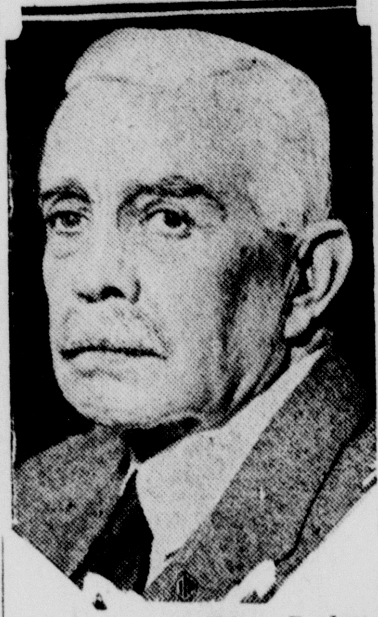

Chief of Police William E. Byers, 62, threw down his badge of office rather than obey Mayor W. R. Stuckey's order to use tear gas bombs to dislodge two operators who had barricaded themselves in the projection room of the Bexley theater yesterday in defiance of the mayor's ultimatum against Sunday shows.

Stuckey immediately appointed Frank H. Javens as police chief. Javens removed the hinges on the projection room, arrested the operators along with five other employees of the theater and stopped the show.

Plead Not Guilty
Four of those arrested pleaded not guilty to charges of participation in the operation of a Sunday picture show and were held to the grand jury under \$300 bond each.

They were William E. Burton, manager; Blenn Hiller, usher; William E. Pender, projectionist, and Oscar

TWO PRISONERS EFFECT ESCAPE IN OHIO COUNTY

Medina Prison Scene Of Daring Departure Early Today

MEDINA, O., May 26.—Two prisoners escaped from the Medina county jail early today in a daring prison delivery believed to have been planned and executed by persons outside the jail.

The two fugitives are Henry I. Vaughn, Wadsworth resort proprietor, sentenced for 5 to 20 years on conviction of manslaughter for the fatal shooting of Charles Dawson and Clarence Tedrow, both of Rittman, at Wadsworth last March 29, and James Hall, awaiting grand jury action on charges of attempting to rob a Wadsworth store.

Discovery of the jail break was made by Sheriff Lyman Buffington at 7 a. m. today. The plot was cleverly planned and executed sometime after midnight when persons outside the jail pried loose a large rock under a window on the south side of the building.

The rock was pried into the jail and fell on a pile of blankets, prepared by the prisoners who previously had broken into the jail runway, breaking a padlock on their cell.

The rock, weighing 150 pounds, made an opening large enough for the two prisoners to crawl to freedom. Five others in the jail refused to follow Vaughn and Hall to freedom although it is believed they had a hand or knowledge in the escape.

Warren Man Robbed In Wayne Township

LISBON, May 26.—William Campbell, of Warren, O., while engaged in repairing a tire to his truck at Gavers in Wayne township last night enroute to his home was held up by two strangers and robbed of \$18 in money.

A car with the two men passed Campbell, drove to the side of the road and stopped and returning to Campbell asked if he needed any assistance. One of them stuck a gun at Campbell, told him to raise his hands while the second man went through his pockets.

No arrests have been made.

Bauknecht To File Action With Court

Exceptions to the ruling submitted by Judge W. S. Slocum at the Harry W. Kushing murder trial in Lisbon will be filed with the state supreme court for action, Prosecuting John E. Bauknecht stated in Lisbon at the close of the hearing today.

Bauknecht stated: "Inasmuch as the court overruled a motion to direct a verdict at the close of the state's testimony Thursday morning, I feel the case should have been submitted to the jury. Exceptions were taken this morning to the court's sustaining the motion for a directed verdict for acquittal and the supreme court will be asked to pass upon these exceptions soon."

Bauknecht's action will have no effect on Kushing, freed in the case by Judge Slocum's action.

GRAF SCHEDULED TO START CUBAN TRIP WEDNESDAY

Hour Of Departure From Brazil Not Known; To Be In U. S. Soon

PERNAMBUCO, BRAZIL, May 26.—The Graf Zeppelin will leave Pernambuco Wednesday for Havana. The hour of her departure has not yet been known.

The Graf's stay in Havana will be short, allowing only time to take on provisions.

The dirigible will then fly over the Bahamas to Lakehurst, New Jersey.

Dr. Eckener expects to be in Germany on June 9.

Since leaving Friedrichshafen Sunday a week ago the ship has traveled 7,750 miles, leaving about 10,000 miles yet to traverse before it will return to Friedrichshafen.

The trip back to the short red and white mooring mast here from the Brazilian capital took 23 hours and 43 minutes. It was made in better weather than the down trip when cross winds, hail and rain storms deterred progress and made riding bumpy and unpleasant.

A holiday was decreed by the governor here in honor of the return. Business offices and shops were closed. The field was crowded with a cheering horde of spectators when the Graf hovered into view and made ready to moor.

AKRON SLAYER FACES CHAIR

Holdup Murder To Result In Execution Of 22-Year-Old Youth

COLUMBUS, O., May 26.—Unless he is granted another stay by the clemency board, John Richardson, 22, convicted of slaying a waiter during a hold-up at Akron, will die in the electric chair at Ohio penitentiary tonight.

He will be the first man to pay the death penalty at the prison since the fire of April 21 in which 320 convicts perished.

Richardson is one of seven men awaiting death for murder. Since the rioting that followed the fire, they have been kept under heavy guard at city jail.

During the day, Richardson will be returned to the penitentiary where shortly after dusk he will walk to his doom.

Richardson entered the penitentiary Nov. 15, 1929. He was convicted of slaying Steve Pierson, a waiter at Three Mile inn, near Akron, Sept. 15. He entered the inn with two companions and lined the patrons against a wall. Pierson was shot down when he objected to treatment given women customers.

SLOCUM ORDERS ACQUITTAL OF ACCUSED YOUTH

Defendant Blameless In Deputy's Death, Judge Rules In Statement

VERDICT APPLAUDED BY COURT AUDIENCE

Circumstances Reviewed In Decision; Ruling Important In Ohio

LISBON, May 26.—Harry W. Kushing, 24, of Pittsburgh, Pa., was found not guilty on a charge of second degree murder in connection with the death of Deputy Sheriff James F. Elliott on a directed verdict ordered by Judge W. S. Slocum here this morning.

Kushing was exonerated from all blame in the death of Elliott. He was accused of having caused the latter's death here on Saturday, April 5, when Elliott died after being crushed against a tree by Kushing's automobile after he had jumped on the youth's machine in an effort to place him under arrest for his alleged violation of a traffic ordinance.

Judge Slocum, in his directions to the jury composed of seven men and five women, held that Kushing violated no law and delivered an opinion of considerable importance to all Ohio cities using traffic lights on state highways extending into corporate limits of the cities.

Verdict Applauded
When the directed verdict of not guilty was read in open court shortly after 10 o'clock this morning there was a demonstration. The crowd applauded as did one of the jurors. Immediately after the verdict was read Kushing shook hands (Continued on Page 4)

MEMORIAL DAY

The tempo of American life does not make much allowance for back glances. It is fast, hard and strong. The nation's forward vision is transmitted to her racing feet, her whirling machinery and the throb of countless engine pistons.

There are times, however, when there are many things to be gained from an examination of the past. The men and women who have offered themselves for love of their country—they too looked forward once and the sacrifices which they made in battle bear a meaning which should be discovered by every American.

Friday is Memorial day—an occasion for citizens of the United States to pay homage publicly to the nation's soldiers of the past. There are but few of the gray heads of the Civil war left, but the vacant places in the ranks of the Union army have been filled many times over by veterans of other wars. Memorial day has become literally Soldiers' day in all states where it is observed.

The honor which a nation pays its departed heroes is the most fitting reward it can pay its living heroes. All they asked when the call came was that death in their country's service should not be in vain, that their fellow men should not forget. Memorial day is an annual opportunity to show them that the nation has not forgotten.

THE TIP
One of the tasks which confronted Ohio restaurant proprietors meeting in Toledo last week was determining the amount of the average tip received by waiters and waitresses. The state industrial commission wanted the information in order to determine how much compensation waiters should receive if injured while on duty.

The slightest mention of tipping is sufficient to start a debate on the custom. There are always those who stoutly maintain that it is bad and ought to be abolished, but they never come out ahead. Tipping in theory is an imposition, a humiliation to the recipients of the tips and a moderate form of bribery, but tipping in practice is a sure-fire way to get personal recognition and efficient service. Even the man who can think of the most evil things to say about it will weaken or occasionally make the magnanimous gesture with a dime, or perhaps a quarter.

After all, tipping is just one of the things that is "done." Those who practice it most consistently are well able to afford it and those who refuse to dig down get a certain pleasure out of being different. There are occasional injustices but on the whole the custom seems to be one that can be regulated very effectively and safely by the conscience.

What Others Say

THE LABOR MARKET

Perhaps more serious thought is being given at present to the problem of stabilizing the labor market than ever before in the history of the country. There is evidence that new ideas are being born to replace the outworn economic traditions; principally that which held that business depressions, with resultant idleness and distress, and business prosperity move in a fixed cycle, and are inevitable.

The purchasing power of the people has begun to take on a new importance, and emphasis is being placed in the simple principle that an unemployed and impoverished public can not support the industrial markets at anything approaching their peaks. Here, undoubtedly, is the most important cycle of all an done which, heretofore, has not received merited recognition.

Attention has been drawn sharply to a number of successful experiments in stabilizing production of seasonal goods of non-perishable nature. By this plan, an annual schedule is worked out which levels

the production graphs, while the turnover graphs remain the same. Under these schedules, there is little or no labor turnover, full forces being maintained during off-season periods to prepare for heavy delivery periods; which, in turn, makes an increase in labor during the latter periods unnecessary.

The time is ripe for a more serious concentration of effort on the part of business leaders to bring about a general stabilization of employment in industry. It is vitally important to all lines of trade that the masses be financially able to consume production. If there is any cycle in industry, it is that which involves the passage of money from industry to labor and back again, to the profit and happiness of all concerned.—Columbus Dispatch.

HEALTH

By Dr. Royal S. Copeland

THAT BUGBEAR INDIGESTION
Indigestion is the bugbear of thousands of persons. They would do almost anything to be restored to good health.

There are many varieties of indigestion or dyspepsia. What is called "acidity" is perhaps the commonest of all. It comes at any age and may last only a few days or it may persist for months. Sometimes it ends in ulcer of the stomach or something worse. That is sufficient reason for avoiding this condition.

There are three symptoms always present in ulcer of the stomach. They are pain, vomiting and hemorrhage; pain is the chief sign of this trouble. Heart burn and constipation, blood mingled with the vomited food, severe pains in the middle of the back and stomach, may indicate ulcer.

Rest is the first remedy for this condition. The patient must have special feeding, but the physician in attendance will see to this. He must direct the treatment.

One of the common causes of indigestion is taking food without chewing. You are bound to have disturbances in stomach and bowels after such a performance.

Digestion begins in the mouth. For this reason thorough mastication of the food and free mixture with the saliva are necessary to good digestion.

If you properly chew your food, and then have pain in the stomach and belching of gas, that might mean the indigestion is caused by an insufficient quantity of a poor quality of gastric juice.

There may be deficient muscular power in the stomach. This will present an important factor in digestion. This leads to a very common form of indigestion. Sometimes the food is only partly digested. Fermentation and decomposition of food in the stomach result. There are means of preventing these digestive troubles. But every

system of cure calls for a drastic change in the diet, as well as in the eating and living habits.

It is important to have properly balanced meals. Eat sparingly—not too much sugar and starches. Eat easily digested foods and chew them thoroughly. To this end good teeth are essential.

Drink lots of water, and bear in mind that this is a most important part of the treatment. It is only when a proper amount of water is maintained in the system that perfect elimination of the wastes of the body is possible.

Don't keep the hands busily occupied when the stomach and intestines are hard at work. Be relaxed, light-hearted and cheerful. If you are depressed and despondent, other ills follow. If the nervous balance is disturbed, or if the emotions are aroused over every little thing, digestion is almost entirely stopped.

Change your attitude of mind. Change your environment. See a bevy of cheerful friends. And change your diet.

See your doctor. The chances are that you are not so badly off as you thought you were. But find out for sure. A good rest and a pleasant vacation can do wonders for you. Try them!

The Stars Say—

For Tuesday, May 27.

While the sidereal operations for this day presage much activity and a generally progressive state of affairs, yet there may be some hazards through trickery or misrepresentations, accompanied by minor setbacks or delays. The mind should be particularly keen and alert to be able to offset these adverse conditions. Business relating to letters and publishing should be particularly successful and lively.

Those whose birthday it is may look for a very lively year, with much progress, especially in all relating to publishing, promotion or commerce. But there is a menace of fraud or duplicity, and dealings with large or secret societies should be guarded with much precaution. The mental power will be under high stimulus to meet these menacing situations.

Just the thing for sunburn and other summer skin irritations. Have Zemo handy always. Any druggist. 35c, 60c, \$1.00.

TARIFF BILL

(Continued from Page 1)

President Hoover and for nearly 24 hours the fate of the tariff bill seemed in doubt.

However, when Mr. Hoover returned from his fishing preserve in the Blue Ridge mountains late yesterday, he immediately began a series of conferences which resulted in an announcement that he had been misinformed as to the exact provisions of the compromise and that it had his approval.

President May Act

Under the existing law, the president is empowered to order changes in the tariff rates, upon the recommendation of the commission but they cannot become effective without his approval. The conference plan in addition to setting a time limit for unfavorable presidential action broadens the basis of any action by the commission to include, not only production cost, as at present, but invoice, values and competitive conditions as well.

The second point of attack selected by the coalition, was a point of order, based upon the contention that the conferees had exceeded their authority in adjusting the rates on cheese, cherries, rayon, watches and clocks. Should the measure would be returned to conference and there is a division of opinion as to whether the entire bill or only the schedules in question, would then be opened to revision.

BUFFET TOP . . . TEMPERATURE-SELECTOR BROOM-HIGH LEGS

The New Westinghouse Refrigerator

COMBINING FOR THE FIRST TIME
THREE UNUSUAL REFINEMENTS

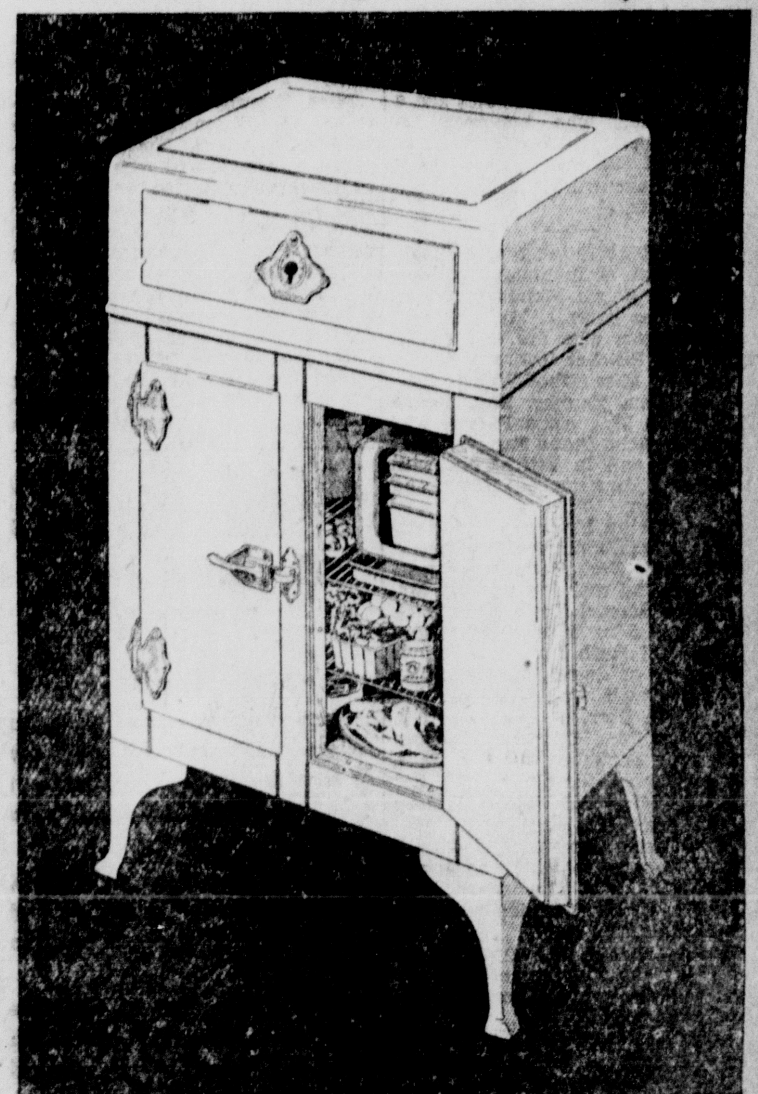

AFTER twelve years' experiments, testing part after part in order to obtain the highest degree of efficiency, Westinghouse engineers produced this remarkable refrigerator. It is so compact that it has permitted an unusual combination of improvements—the three unique conveniences desired in modern refrigeration.

Three Exclusive Refinements

The Buffet-Top facilitates food transference—how convenient to rest one dish on top while placing another in the food compartment! The Temperature-Selector regulates the freezing speed so that special dishes may be "hurried up" for dinner, and then the usual preservation temperature resumed. Broom-High Legs (with broad, flat, glider feet) aid cleanliness, make easy the quick removal of dust . . . and eliminate wear on the floor covering.

Here is Genuine Beauty

Not only does the New Westinghouse present all these conveniences, but also—matchless beauty. The symmetrical cabinet—due to the hermetically sealed freezing unit-in-top construction . . . the spotless, icy-white porcelain enamel or lacquer-on-steel finish . . . the decorative satin chromium-plated hardware . . . the efficient, dignified, compact appearance—all signify that the finest in modern refrigeration has been attained! In justice to yourself, examine the new Westinghouse before you buy!

KUSHING

(Continued from Page 1)

with Judge W. S. Slocum and when Kushing retired to a rear office from the court room floor members of the jury and scores of women and men went to him and congratulated him.

Kushing when asked for a statement said:

"I am appreciative of the fairness with which my trial was conducted and the kindly treatment I have received during the past week."

"My heart is full of sympathy for Mr. Elliott's family in their loss resulting from this unfortunate accident."

Miss Frances Barrett of Chillicothe, an art teacher in Struthers schools, to whom Kushing is engaged to marry, and who had been at his side throughout the trial, said this morning: "We are going to start all over again. We planned to get married this summer. It is an unfortunate affair all around."

Juror Absent At Opening

When court opened at 9 a. m., Mrs. Luella Benner of Salineville, juror No. 12, was not in her seat. Judge Slocum held the view that the juror was confused as to the hour court would open and he then

recessed the jury until Mrs. Benner arrived which was about 9:30.

Immediately the court began reading his decision on a motion made Saturday morning at the close of the case by the defense counsel that the court instruct the jury to direct a verdict of not guilty. This motion was argued Saturday by counsel for about two hours in No. 1 court room and with doors barred to all visitors.

The court then said to the jury:

Judge Issues Order

"There was presented to the court, Saturday morning, after you were recessed, a motion by counsel for the defendant, Harry W. Kushing, to direct you to return a verdict of not guilty. This motion was argued by counsel for the defendant and the state. The court, after serious consideration, has decided to sustain it."

"We have had pictured to us, during the past week, a great tragedy. The life of a respected and esteemed citizen of your community has been lost, to the sorrow of his family and many friends. This young defendant and those near and dear to him have gone through weeks of suffering and nervous strain, all because of the unfortunate attempt of the deceased Deputy Sheriff James F. Elliott, to do what he thought was his duty."

"Harry W. Kushing, about 24 years of age, and by the uncontradicted evidence, a man of high character and reputation, drove into Lisbon in the early afternoon of April 5, 1930. As he approached the traffic light at the intersection of Jackson st. and Lincoln way and drove under the light he was accosted by Mr. Elliott, dressed in civilian clothes and seated in a sedan with his wife and her friend, Mrs. Davis. Mr. Elliott asking him, according to the testimony, if he didn't see the light. The defendant, like many other automobile drivers, has had similar incidents occur and, like them, made some remark, polite or otherwise, in reply and drove on

his way dismissing the incident from his mind.

Describes Second Meeting

"Kushing's next meeting with Deputy Elliott was when the latter jumped on the left running board of the defendant's Chevrolet coupe, and, according to the officer's dying declaration, told him he was a deputy, that the defendant was under arrest and should stop. The evidence is undisputed that Kushing did not recognize Mr. Elliott as the man who had spoken to him before, nor did he know that the deceased had been following him."

"All he saw was a man dressed in rough civilian clothes, an old slouch hat on his head and showing no badge of office, appear suddenly on the running board of his car. The words which the deputy claimed to have said to the defendant were not sufficient to constitute an arrest under the statute, for section 13432-5 of the General Code of Ohio specifically provides that: 'When an arrest is made without a warrant by an officer, he shall inform the person arrested of his authority and cause of the arrest.'

Exonerates Defendant

"Clearly this defendant was not at the time of the attempted arrest engaged in a criminal offense and therefore the deputy had not legally placed him under arrest, because he failed to inform him of the cause of the arrest. Furthermore there is a serious doubt in the mind of the court whether this defendant had violated any law, when he drove through this traffic light, even if it became conceded the light was against him, because section 1490 of the General Code provides in part as follows: 'It shall be unlawful for a village to erect or maintain traffic lights upon an extension of the state highway system within such village except that the erection and maintenance of such lights be first approved by the director.'

"There has been no evidence to show that this light at the intersection of Lincoln and Jackson sts. or any other lights under which the defendant passed were approved by the state highway director and if

they have not been so approved by the director, the defendant committed no offense for which Deputy Elliott had the right to arrest him.

Continues Statement

"We have then, this situation, the defendant, not under arrest, being stopped for something, he knew not what, by one who reasonably appeared to him a rather roughly dressed civilian, and at a time when he was leaving the business section of a strange village, and this utter stranger, in these days of highway robberies hitting at him with a blackjack and inflicting upon him a black eye and a battered nose. Then Kushing according to the deputy's dying declaration, which is partly the deputy's own conclusion of fact, shoved at him with his hands, increased his speed, drove over to the left side of the street and knocked him off."

"After this evidence, taken in the most favorable light for the state, the law seems to be perfectly clear that this young man had the right to do just what he did, even if we can go so far as to assume, under the testimony, that while subjected to this treatment by the deputy Kushing did in fact know what he was doing."

Charge Not Justified

"Finally, members of the jury, the court says to you that: to constitute the crime of murder in the second degree one must purposely and maliciously kill another, and the court believes that there is no evidence that this defendant purposely and maliciously caused the death of James F. Elliott."

"To constitute the lesser crime of manslaughter embraced in this indictment, one must unlawfully kill another, without malice either express or implied, which may be voluntary, upon sudden quarrel, or unintentionally, while the slayer is in the commission of an unlawful act, and the court believes that there is no evidence that this defendant unlawfully killed James F. Elliott, either voluntarily, upon sudden quarrel, or unintentionally while in the commission of an unlawful act."

Orders Not Guilty Verdict

"There will therefore be given you, members of the jury, a verdict of not guilty. You will retire to your jury room, appoint one of your number as foreman, cause your foreman to sign this verdict and you will then return with it in open court."

CANFIELD SOLON DIES SUDDENLY

John L. Riley Victim Of Heart Attack; Has Relatives Here

John L. Riley, aged 57, of Canfield, retired farmer and county worker, and village councilman, fell dead in his yard at 3:30 p. m. Saturday from a heart attack.

Mr. Riley had come home from work early Saturday afternoon and started over to talk to a neighbor across his garden plot. He turned before he got across the garden and fell dead in the yard before his wife could get to his side.

Born in Everett, Pa., Mr. Riley came to the vicinity of Canfield when he was 14 years old. In 1903 he was married to Gris Seldia Williamson. He had farmed near Canfield for many years before he moved to the village. He had been employed by the county in the highway department for some time.

Mr. Riley was a member of the Odd Fellows, the Methodist church at Canfield and the Dublin grange. Last January, he started to serve his first term as village councilman.

Mr. Riley leaves his widow and one daughter, Miss Ruth Riley, a teacher in the Boardman school, and the following brothers and sisters: Edward and Charles Riley, and Miss Zella Riley and Mrs. Catherine Mounts, all of Salem, and Ernest Riley of Canton.

Eats Without Indigestion Now

"Since Taking Owa-Ton-Na I Feel Fit, Sleep Well and Enjoy Life," Tells Her Interesting Experiences

Another interesting story was added to the history of Owa-Ton-Na when Mrs. George Criswell, 717 Lawrence road, N. E., Canton, Ohio, told the special laboratory representative how quickly Owa-Ton-Na conquered stomach disorders and nervousness after years of suffering.

Mrs. Criswell says: "Mine was an obstinate case. I suffered for years with my stomach and no medicine seemed to help me. Failure of these treatments discouraged me and I was beginning to feel that I wouldn't find relief."

"I certainly was pleased when I found that after using the first bottle of Owa-Ton-Na, I did not have nearly so much gas on my stomach and that I had no more headaches. At night I slept better, my appetite was excellent and I eat things which had always caused me trouble. My nerves have improved wonderfully, dizzy spells and that tired worn out feeling are gone. In fact, I can again help with the housework and frequently walk down town without being tired out. I am a happy woman and certainly am thankful to Owa-Ton-Na."

If you are suffering as Mrs. Criswell, you should learn for yourself the value of this herbal preparation. Owa-Ton-Na is sold in Salem at J. H. Lease Drug Co. Three Stores.

Red And Black Places Fifth In State Interscholastic Meet

SALEM JUNIOR HIGH ATHLETES ANNEX DISTRICT TRACK LAURELS

Walker Second In Mile Run; Smith, Beck Get Points In Discus, Vault

SALEM HIGH, for the past five years rated as one of Ohio's leading institutions in the production of athletic teams of distinction, threatens to advance still higher in state sporting competition in 1931 as a result of the performance of three of Coach Floyd Stone's athletes in Saturday's state interscholastic track and field meet at Ohio State stadium, Columbus.

The Red and Black's starring triumvirate composed of Harold Walker, William Smith and Ed Beck carried their school into state-wide recognition by registering 10-1-2 points in the meet and placed their school in fifth place in scholastic standings. A slight fraction was all that kept the Stone men out of fourth place while the team was only two and one-half points back of the third-place aggregation.

Predictions that the Stonemen will be one of the three leaders in the 1931 interscholastic meet are being voiced throughout the state.

VIVIAN RESIGNS STRUTHERS POST

Former Salem High Coach Accepts Position With Shaw High School

D. W. Vivian, for the past seven years director of physical education at Struthers High school, has resigned to accept a similar position at Shaw High, Cleveland. It was learned Saturday. He will also coach swimming.

Vivian set an enviable record during his stay at Struthers, and put physical education on a high plane. His annual May Days, and gymnastic exhibitions, were rated among the greatest ever staged in this section, and several schools have sought his services several years.

Vivian is one of Struthers' most popular teachers. He has proved invaluable as trainer to the football team, and coach of girls' basketball. His teams have been among the best in the history of Struthers High school.

Vivian formerly was director of athletics and head athletic coach at Salem High school.

this week by virtue of the fact that each one of Stone's point-making athletes will be available for next year's competitions together with a field of promising youngsters who showed well in preliminary qualifying events despite the fact that they were competing against the elite of the Buckeye state's schoolboy contestants. Practically the entire 1930 track squad under tutelage of Stone will be back next year.

Walker Second In Mile
Three yards and an ill-timed spurt is all that kept Walker from being heralded as the Ohio state champion mile-runner today. The lightning-limbed Salem distance star finished second to Harvey Smith of Cleveland Lakewood but both are awarded distinctive honors for creation of a new state record in the mile. Smith broke the tape in 4 min. 32.9 sec. less than a second ahead of Walker and almost two seconds better than the record of 4 min. 34.6 sec. established by Dick Heipel of Toledo Scott High in 1917.

Smith too earned honors for his record-breaking throw of 127 ft. 8 in. in the discus throw but he was forced into third place by powerful throws by Blum of Tiffin and Griffin of Columbus Central High. Blum, co-holder with Swartz of Cleveland Lakewood of the old record of 122 ft. 2-1/2 in. crashed his own record into an event of the past with a heave of 131 ft. 2-1/2 in. Griffin was three inches behind.

Beck tied for first place in the vault with McClelland of Akron Central, Kimple of Norwood and Sheridan of Zanesville at the height of 11 ft. 8 in. Beck's performance brought Salem 1-2 points and placed his team ahead of Canton McKinley, Akron Central, Columbus East and Norwalk for fifth honors.

Winner Collapses
Walker's spectacular though belated spurt almost brought him the victory in the mile run. Running 45 yards back of Smith in the last lap, he staged a furious finish that brought him within three yards of the Lakewood star's heels at the close of the race. Smith collapsed at the tape which Walker, though winded, was fresh considering the fact he had just bettered a record which had stood onslaughts of Ohio athletes for 12 years.

Bill Smith, officials of the meet in charge of the discus throw reported sent out the metal plate to a distance of almost 135 ft. on a foul throw. Throughout the event Smith never registered a throw measured at less than 119 ft.

With this trio together with Russell Thompson, Myron Whinnery, Henry Reese, Jack Carpenter, Donald Lease, Perne Siding, Irwin Beck, and several others back next year, collegiate coaches and officials witnessing the competition, were unanimous in predictions that the Red and Black has the opportunity of producing a near state championship aggregation in 1931 if the youngsters improve to any great extent.

Central Wins Title
Columbus Central upset predictions by winning titular honors for the fourth consecutive year, scoring 29 points to nose out Lakewood by three points. Dayton Roosevelt was third with 13 while Toledo Scott was 7-20 of a point ahead of Salem in fourth place. Canton tallied an even ten, Akron Central nine Columbus East eight and Norwalk seven.

Dayton Oakwood a school which failed to win a single first place, nevertheless piled up plenty of honors and thirds to win Class B honors with 33 1-2 points.

Salem High Golfers Lose Fourth Match

Salem High's golf team lost its fourth straight duel match of the season Saturday. The Red and Black quartet was defeated by East High of Youngstown, 9-4.

It was a well played match, with Santore carrying off individual honors. The East High lad had 79 to be medalist.

Harrington led the attack for Salem with a 93. Scores follow:

Perne Siding Breaks High Jump Record As Team Captures Meet

A promising aggregation of Salem young track stars won titular honors in the annual northeastern Ohio district junior high meet at Canton Saturday, scoring 56 points, seven more than its nearest contender. Perne Siding, Salem freshman, broke the meet record in the high jump.

Canton Lehman finished second with 49 points and Lincoln of Canton was third with 17 1/2 points, with Alliance 16, Longfellow of Massillon 14, New Philadelphia 13, Jones of Massillon 8 1/2, Ravenna six, and Central of Canton, Navarre and Uhrichville none.

Lehman won five first places to three for Salem, but the victors reaped enough second and third places to win the meet.

Wood, of Lehman, was the outstanding performer, winning the 100 and 220-yd dashes and being a member of the winning half mile relay team. He broke the 100 yd dash record by sprinting it in 10.4 seconds. The old record, held by Dawson of Lehman was 11 seconds.

Wood dashed the furlong in 24.1 to beat the old record of 25.5 which was held by Umbles of Central. The new relay record is 1:41.8 compared to the old mark of 1:44.6 which also was held by Lehman.

Carroll of Lehman created a new distance record of 118 feet, 11 inches, beating by three inches the old record.

DUN EDEN CLUB TO OPEN HOME SEASON FRIDAY

Strong Nihil Shoe Team Of Alliance Slated At Park This Week

The opening baseball game of the 1930 season to be played in the vicinity of Salem will be the feature at the opening of Dun Eden park Decoration Day. The Dun Eden baseball club will meet the strong Nihil Shoe outfit of Alliance at 2:30 p. m. Friday.

The park nine has played one game this season losing to the fast-stepping Akron Firestone outfit by a 15-7 score at Akron 10 days ago. The team is made up of Lefty Brady, Arthur "Shorty" Borton, John "Doc" Sanders, Pete Sarrack, outfield; Mike Sarrick, Bill Mundy, Sharkey, Beeson, Bus Price, infielders; Pete Scullion, catcher.

New Record In Gate Receipts Expected In Detroit Battle

Judging from the large amount of advance reservations already received, the impending joust between Primo Carnera and K. O. Christner will set a new receipts record for the city of Detroit when the two heavyweights go to the post at the State fair grounds, Thursday, June 5.

To accomplish a new gate record, the Carnera-Christner fracas will have to surpass the \$163,600 mark hung up last summer by the welterweight title bout between Jackie Fields and Joe Dundee. According to Floyd Fitzsimmons, promoter of the June 5th battle, reservations for over \$25,000 have already been received for the heavyweight melee, and this despite the fact that not a single pasteboard has been sold to the public.

Not Sanctioned Yet
Fitzsimmons is withholding the distribution of tickets until the National Boxing Association gives its official okay on the match, which sanction Fitz expects before Monday, when tickets will be placed at the disposal of the fight fans.

Both Carnera and Christner will continue to work daily at their training headquarters, the latter retaining from sparring until sometime next week. The huge Italian is boxing from four to six rounds every day, employing Jack Lewis and Jack Silver, stablemates, as sparring partners. Carnera is working at Danceland, while Christner goes through his paces at Stillman's gymnasium.

Wherever You are! Spit is a horrid word, but it's worse if on the end of your cigar

One of many actual photographs of "spit-tipping" cigar makers. The above picture was taken in New York City, March 24, 1930. An affidavit from the photographer is on file, showing that this workman used spit in finishing the end of a cigar.

... the war against Spitting is a crusade of decency... join it. smoke CERTIFIED CREMO!

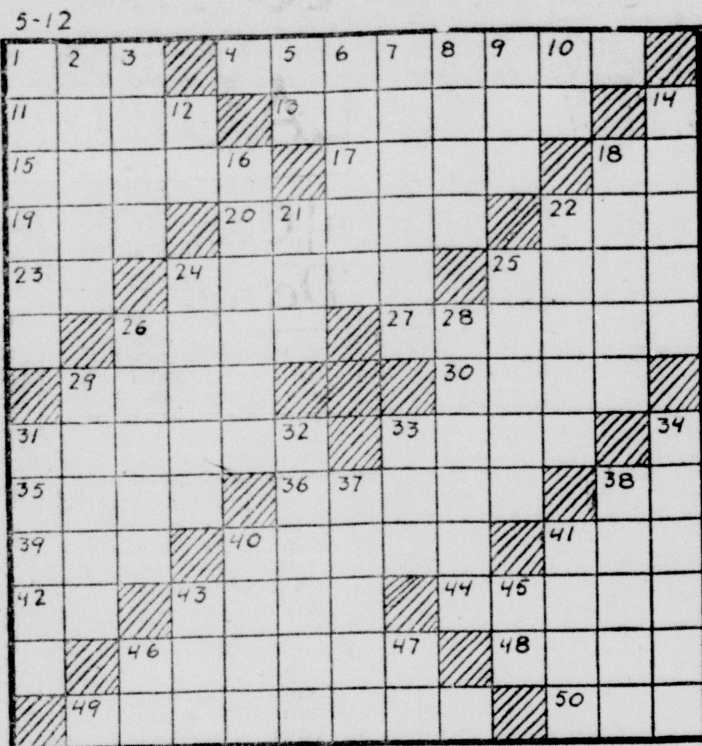

Over 7,500 cigar factories are registered by the U.S. Government. Over 7,400 of these hand-roll cigars, producing 50 percent of the output. Every hand-rolled cigar—made by American Cigar Co. or anyone else—is subject to the possible danger of "spit-tipping." Certified Cremo is absolutely free from spit-tipping—No Cremo is made by hand.

The choicest, tenderest leaves that the crop affords are scientifically treated by methods recommended by the United States Department of Agriculture. Certified Cremo's purity is safeguarded along every step of the way by amazing inventions that bind, roll, wrap and tip the cigars!

RELIABLE USED CARS

It pays to go to the Buick Dealer

Two used cars may look much the same from the outside. Mileage, model, tires and general appearance may be all about alike.

Yet there may be a great deal of difference nevertheless—a difference in mechanical condition which will soon show up in actual driving.

You have only the word of the dealer to go by.

That's why it pays to go to the Buick dealer. You can rely on what he says. And you may be sure his price is fair.

"SECOND CHOICE"
At The State
Dolores Costello will be seen at the State in "Second Choice," a Vitaphone all-talking picture—an absorbing story of the jazz age.
Mas Costello is cast as Vallery Grove, a modern girl whose mother objects to her liking for a poor young man, Don Warren, who later kills her for a rich girl. The strange twist of affairs by which she, to hide her anger and mortification, marries Owen Mallory, who has himself been thrown over—the return of the lover—the battle between the rivals—the everlasting throb and crash of jazz—make up a drama of unique appeal.

The rival youths are played by those screen favorites, Chester Morris and Jack Mulhall. Others in the superb cast are Edna Murphy, Charlotte Merriam, Ethylene Clair, Jimmy Clemmons, Edward Martindel, Henry Stockbridge and Anna Chance.

"LOVE PARADE"
At The Grand
Maurice Chevalier, who has become the greatest European actor to achieve success in American films since Emil Jannings, will be seen and heard in his most gorgeous picture to date when "The Love Parade" opens at the Grand theatre.

"The Love Parade" is something different in all-talking musical film productions, just as Chevalier is a personage entirely different from all other screen types.

Ten original songs are featured in "The Love Parade." They were written by Victor Schertzinger, musician and director, a man of many talents. He has written a number of successful songs. One of them was "Marcheta," one of the most successful best-selling popular songs of all times.

Clifford Grey who wrote the lyrics for "The Love Parade" was the lyricist for Ziegfeld's "Sally," "The Three Musketeers" and for "Hit the Deck."

Heading the supporting cast of "The Parade" is Jeanette MacDonald, lovely Philadelphia girl who made a rapid climb in musical comedy through two or three years of hard work abetted by a personal charm and beauty that just would not allow her to stay in obscurity. This is her first all talking production.

We are proud
of the **Nash "400"**
and ready to show you why

We are thoroughly convinced that any one who compares motor cars today will buy a Nash.

Nash designers and engineers have built three exceptional motor cars in three different price fields. Comparison shows each one to be the value of its class.

The Twin-Ignition Eight—the only straight eight at the price with Twin-Ignition, 9-bearing, integrally counterweighted crankshaft, aluminum alloy connecting rods, Bijur Centralized Chassis Lubrication and Duplate non-shatterable plate glass throughout.

The Twin-Ignition Six—the only car in its field with Twin-Ignition performance. Drive this car and you'll realize it's the kind of performance you've always wanted.

The Single Six—the only car in the \$1000 class with automatic centralized chassis lubrication; automatic, thermostat-controlled radiator shutters; headlamps and cowllamps chromium nickel; twin cowll ventilators; and a high compression, completely pressure lubricated, 7-bearing motor.

Nash Features You Should Know

Centralized chassis lubrication, built-in, automatic radiator shutters, and the world's easiest steering in every model. Adjustable front seats. Steel spring covers with lifetime spring lubrication, in the Twin-Ignition Eight and Twin-Ignition Six lines. The priceless protection at no extra cost of Duplate, non-shatterable plate glass in all doors, windows, and windshields throughout the Twin-Ignition Eight line. This glass is also available at slight extra cost in all other Nash cars.
